## TRACK ATHLETICS ARE ON THE RISE

District Runners Have Busy Time Ahead of Them.

### FIFTEEN MEETS SCHEDULED

High School and Club Athletes of Washington Rounding Into Form for the Spring Season.

Never in the history of athletics has there been so much doing as in the present year. So far the South Atlantic Association has held twenty-eight meets and there are fifteen more scheduled.

The next A. A. U. meet scheduled is that of the newly organized Wissahickon Club, of Philadelphia, in that city on May 5. On the same date, meets will be held at Episcopal High School, Alexandria, and at Charlottesville, Va., the latter being a dual meet between Johns Hopkins and the University of Virginia. At the former, a large number of Washington athletes will be in competition, as has been the case heretofore. Last year Central High, of this city, won the Episcopal meet by a large margin.

#### Jacob Tome Games.

At Port Deposit, Md., on May 12, the Jacob Tome Institute will hold its annual interscholastic field and track games, at which there will also be a strong contingent of District athletes. Two years ago this meet was won by the Central School of Washington, and last year went to the same school of Philadelphia. This year Central will make a special attempt to repeat her victory of 1904 and Western and Technical will also send capable teams, which should be great factors in point winning. The Philadelphia teams will not compete because of a State meet on the same date.

So far, Tech has done but little in the field and track line because of the lack of facilities for training, but in a few days the squad will be out in force, and the Maroon and Gray this season, as she has been ever since her severance from the Central School, can be counted on to push any school represented to its utmost. Western, though greatly handicapped by the loss of such performers as Morse, will have many good new ones in the field. For the Red and White there will be Phelan, who took the quarter last year in the High School spring meet. Oscar, a younger who has shown remarkably fast time in the sprints in the recent indoor games, and others who will still be heard from. Eastern and Business may also be represented at these games on the 12th.

Not to be outdone by the schools, the athletic clubs of Washington are on the jump, too. The Washington Athletic Club will hold a meet at Luna Park on June 16, which will bring together some of the best amateurs in the business. The Columbia Athletic Club, after the success which attended its initial affair at the Coliseum last summer, has become ambitious and will hold a meet on July 4, another on August 11, the latter to be held at River View. The place for holding the first is still to be settled. The southern championships are booked to take place at Benning on June 2, and the annual Washington Grove carnival is slated for September 3. Other meets which have received the sanction of the A. A. U., and which are of interest to local athletes, follow:

#### List of Carnivals.

- May 5—Episcopal High School, Alexandria, Va., open to all registered athletes.
- May 5—Dual meet, Johns Hopkins vs. University of Virginia, at Charlottesville, Va.
- May 12—Interscholastic meet, Jacob Tome Institute, at Port Deposit, Md.
- May 12—Joint meet of Western Maryland College, St. John's College, Washington College, Maryland Agricultural College, at Westminster, Md.
- May 12—Interscholastic meet, held by the Mount Washington Athletic Club, at Mount Washington.
- May 19—Johns Hopkins University vs. Naval Academy, at Annapolis.
- May 28—Interclass meet, United States Naval Academy, at Annapolis, Md.
- May 29—Interscholastic meet, held by the Mount Washington Athletic Club, at Mount Washington.
- June 2—Central Young Men's Christian Association's annual meet at Patterson Park; open to all registered athletes.
- June 9—South Atlantic Association's annual outdoor meet at Benning race-track, Washington.
- June 16—Washington Athletic Club, at Luna Park, Va.; open to all registered athletes.
- July 4—Columbia Athletic Club, Washington; open.
- August 11—Open athletic meet at River View Park on Potomac river; Columbia Athletic Club.
- September 2—Open meet, Washington Athletic Association, at Washington Grove, Md.
- September 12—Municipal Athletic Games Association; annual meet at Patterson Park, Baltimore.

### NEW CANOE CLUB TO HOLD MEETING

The Algonquin Canoe Club, which will locate its club rooms in the new building which is being erected adjoining the Aqueduct bridge, will hold its first meeting tonight at the Postoffice Hall on Park street in Mt. Pleasant, at the foot of the Fourteenth street car line.

The meeting will be held for the purpose of passing on applications, and the discussion of a constitution. The meeting will be called to order at 7:30 o'clock.

## Reported Among the Dear Departed

Three of Washington's Young Recruits From the Minors.

STARKELL.

HARDY.

Hardy, a Southpaw, Will Not Go Yet, Despite Rumors.

McCoy.

## PITCHERS NOT YET TO GO TO MINORS

Hardy and McCoy Will Be Retained.

### STARKELL TO BALTIMORE

Only Change Just Now—Stahl Has Hard Job Picking Staff of Twirlers.

Manager Jake Stahl denied this morning that either Hardy or McCoy, the young pitchers, would be allowed to return to the minor leagues at this time. Starkell joined Baltimore yesterday.

"There is no truth in the statement that Hardy is going to be let out at present," McCoy said, wanted by Jersey City and may go there later, but not until he has had a better chance.

#### All Look Good.

"All of these men look good to me, and it's one of the hardest propositions I ever tackled to tell what to do about them. Hardy is a left-hander and we need southpaws about this time. He will be retained for the present and may get a permanent berth with Washington, for his work last year was of a high order and I think he would make good again."

"If Hardy is sent back for another year's experience in the minors he will not go to Decatur, in the Three I League, whence he came, as I consider him too fast for that company out there. If he is not in big league form right now he is so near it that he will be placed with the strongest of the smaller leagues."

### MAGELEFSKY'S WOODEN LEG CRUSHED UNDER A CAR

BALTIMORE, April 24.—Jacob Magelefsky, 114 Harrison street, had his wooden leg smashed to splinters when he fell from a car at Baltimore and Harrison streets. Persons who saw the accident thought that he was suffering intense pain until it was learned that the leg was artificial.

His good leg escaped, but in his fall he received other hurts which made it necessary for his son, who accompanied him, to carry him to his home, a block away. There he missed his gold watch, valued at \$40, but thought that in the confusion it had either dropped to the street or someone had stolen it from him.

## Personal Comment on Men and Things in the Field of Sports

### BASEBALL.

Nationals vs. Boston, at American League Park today. Game called at 4 p. m.

Georgetown vs. University of Georgia, at Georgetown today. Game called at 3:30.

George Washington vs. Washington and Lee, at Van Ness Park. Game called at 3:30.

The High School Baseball League opens its 1906 season on May 1, when Business and Technical meet.

The Capital City Baseball League has reorganized for the season. At the election of officers on Sunday afternoon, James A. O'Shea was elected president and William Handiboe, secretary of the association.

Little Sidney Willis is likely to oust the other contenders for honors on the Central High pitching staff, if his recent performances are to count for aught. The only thing that will keep him out of the game is conditions in the streets.

Georgetown's easy win from Fordham by 8 to 1 on Saturday didn't do the local collegians any particular good. With a fair lead, toward the end of the game they became careless, allowing four men to reach first on errors.

Mahoney's three-bagger in the sixth inning of the same game was most timely. The big first baseman brought home two men on his slashing drive to the ditch.

Nill is up against it in holding down the shortstop position. Never does a ball go anywhere within twenty feet of him that someone does not sagely remark, "Now if that had been Cassidy he would have eaten it up."

Hobe Ferris was the recipient of a set of spikes, which scraped his shins slightly and caused him to think some unpleasant things in the game Saturday. Nill tried to steal second and in sliding, went feet first, unintentionally dancing a jig on Hobe's understandings.

Young Bristow, formerly of Technical and now at Central, seems to have made good at catching for the Dark Blue and White. In the several games in which he has played, he has not only fielded his position perfectly but has connected a number of times for hits at most opportune moments.

Although Mathewson, the National League's star pitcher, shows the effects of his recent illness, he is impatient to get into the box again. To an inquiry yesterday as to when he would resume pitching he replied, "I'll be there pretty soon."

Abbatichio, the Boston National League club's clever infielder, evidently intends to stick to his original resolution and retire from the game for good. He has just secured a license for a hotel in La Roche, Pa., and at a recent game in Pittsburgh between Pittsburgh and Cincinnati teams "Batty" said positively that he was done with baseball after fifteen years' service.

Shortstop Dahlen can resume play with the Giants today. His two days' suspension for rather violently and unnecessarily objecting to a ruling of Umpire Conway in a game with Brooklyn last week ended yesterday.

The Greater New Yorks, after playing today in Philadelphia, come to Washington for four games. Next Monday and Tuesday Griffith and his men will begin a long campaign at home, competing up to June 2.

The first conflict of the season of the Nationals and Americans in New York will occur on May 4 and 5, when the world's champions play the Boston, and the Greater New Yorks and the American League champions will meet.

Gessler, first baseman of the Brooklyn club, has been traded to the Chicago National League club for Pitcher Knoll, who is said to be quite a prominent pitcher from the minor league ranks. Jordan, it is understood, will take Gessler's place at the initial base.

**TURF.**  
Joseph Parker, of Cassopolis, Mich., has recently purchased the stallion Prince Karl, 2:35, sire of Wauban, 2:24.

An offer of \$250 was recently made for the four-day-old foal by Silverthorne, Jr., out of the dam of Joe Younger, 2:18 1/2.

W. R. Wylie, one of the best known horsemen of the Middle West, has been appointed superintendent of the Wheaton (Ill.) track.

The horsemen of Delphos, Ohio, have organized a driving club and are negotiating for the purchase of ground for a half-mile track.

All the damage done to the Rochester, N. Y., track by fire last fall has been repaired and fifty new stalls have been added to the equipment.

**VANDERBILT'S BONAFIOUS WON.**  
PARIS, April 24.—W. K. Vanderbilt's Bonafious won the Prix Aubepines at the St. Cloud races yesterday.

**MALARIA AN INSIDIOUS FOE TO HEALTH**

Malaria is an atmospheric poison which we unconsciously breathe into our lungs through the impure air arising from low, marshy places, stagnant ponds, damp cellars, sewer pipes, improperly ventilated houses, decaying vegetable matter, etc. Day after day these germs and poisons are taken into the lungs, and as the blood passes through them it becomes infected with the poison and in its circulation distributes the microbes of disease to all parts of the body. Malaria is a very insidious disease; it gives no warning of its coming until the circulation is filled with the poison and this foe to health has the system at its mercy. The blood becomes polluted, thin and weak and its slow, irregular circulation fails to properly nourish and strengthen the body. Then the entire system is attacked, and if the germs and poisons of Malaria are allowed to remain the strongest constitution will break down. No one can feel well when the system is in a malarial condition; the vitality is weak, the appetite poor, digestion deranged, the complexion grows sallow and the entire body feels the effects of the poison. Malaria must be removed from the system through the circulation and the only medicine that can accomplish this is S. S. S. It not only cleanses the blood of all unhealthy, morbid matter, but destroys the germs, cures Malaria and restores this vital fluid to a strong, healthy condition. S. S. S. is made of roots, herbs and barks combining purifying and tonic properties which keep the blood free of all poisons and the system in perfect condition. While destroying the germs and building up the weak, polluted blood S. S. S. gives tone and vigor to the entire system. Book on the blood and medical advice without charge.

## CANTWELL'S TWISTS DEFEATED INDIANS

Redskins Lost Bleak Game to Georgetown by 8 to 1—Local Batters Easily Found Roy.

With a stiff northwest gale blowing, Georgetown got the Carlisle Redskins into their tepees yesterday, and when they emerged, the Blue and Gray collegians had put over 8 to the Indians. The weather made good ball playing extremely difficult, each side being charged with errors, which could hardly be termed such, because judging a ball was almost an impossibility. The Indians showed great improvement over their last appearance here, when they had their hands full in defeating Georgetown. Still, the playing of the warriors shot no terror into the hearts of the West Enders, even though Chief Roy, who has been signed by the Philadelphia Athletics, did the twirling for the visitors. Twelve hits were made off his delivery, and he donated one pass and struck out but four men, to Cantwell's six.

The four hits which the Aborigines got off Tommy were kept well scattered. The only spectacular play was Balante's running catch in left field. Neither side could score until the fourth, when Georgetown put one over. Again, in the fifth, the Blue and Gray tallied, and this time it was the Indians who cleared away. In the next Carlisle got one. This ended the scoring for both sides, until the eighth, when the locals got four more. Maloney was substituted for Mudd after the game was clinched. The score:

Georgetown	R	H	O	A	E	Carlisle	R	H	O	A	E
E. Devlin, 2b	1	2	0	3	0	Roy, p...	1	1	1	3	2

Stolen bases—Devlin, 2; Scheller, Smith, E. Dugan, and Balante. Double plays—Barnd to Smith; Smith to Balante. Hit by pitcher—By Roy, 1; Dugan, 1. E. Morgan. Time of game—1 hour and 35 minutes.

## JUNIOR PREPS WON FROM SPENCERIAN

The Junior Georgetown Prep easily defeated the Spencerian Business College baseball team on the Prep field yesterday afternoon by 5 to 0. The cold weather was partly responsible for the poor playing on both sides. The embryo business men found Diamond for seven hits, and the Preps connected with the delivery of Dusty Rhodes for ten singles.

The score:											
Spencer's	R	H	O	A	E	Preps. Jr.	R	H	O	A	E
Maidens, ss.	1	1	0	0	0	Sitterd, c.	2	1	0	0	0

## YOUNG ERNE'S JAB JARRED SULLIVAN

Washington Boxer Lost in Philadelphia.

### HIS SPECIAL WEAKNESS

Opponents With Straight Lefts Find Capital Man Easy Mark—Both-ered by Injury.

The Philadelphia papers are practically a unit in declaring that Young Erne had the best of Kid Sullivan in their bout before the Washington Sporting Club, in Philadelphia, last night.

Erne is a fast, clever boy, who broke into the limelight by outpointing Young Corbett in six rounds. Since then he has been going against the best of the second-class men in the lightweight division and has been highly successful. The accounts indicate that he rather easily outpointed Sullivan last night, especially in the matter of stabbing him in the face with straight lefts.

#### Easy to Reach.

The susceptibility of the Washington boxer to treatment from straight lefts is well known in this city. Any man with a good left can reach him and worry him so much that he becomes practically useless at long range boxing and has to get in close or simply stay there and take a beating. He got this treatment from Abe Attell and Dave Deshaier, besides numerous others. The accounts also indicate that although Sullivan tended to balance things when they got to fighting, he was not as clever as expected in hammering Erne's body and failing to reach the Philadelphia's head when they mixed in close quarters. The truth probably is that Sullivan was afraid of hurting the hand which was injured when he fought Unk Russell in Baltimore and received the surprise of his life. Banging away at an opponent's arms and ribs in fighting is more than likely to put a hand out of commission, and the chances are Sullivan fought with that idea in view, and that made the contest slower than was expected.

## FARQUHAR CHAMP CHECKER PLAYER

Defended His Title From Harlan's Attack—Has Had Long Career.

The checker match for the championship of the District between Charles Farquhar and S. Harlan has been concluded. The former won by three games won and six drawn.

Mr. Farquhar won the championship from Mr. Mundelle about five years ago, and has successfully defended his title ever since. His most important matches were four with Mundelle, each winning two, and four with Joseph Collins, Farquhar winning three. He also defeated Johnson and Potts in match play, and Harlan twice.

#### Long Career.

Mr. Farquhar is an enthusiastic player of some twelve years' standing, first learning the game from Mr. Mundelle, the former champion. He is a former member of the Washington Checker Club, which is composed of all the leading players in the District. They have a cozy little club room at 64 Pitts street northwest, rooms 21 and 22, where all players are welcome. Playing nights are Wednesday and Saturday.

The thrilling and blood-thirsty game of checkers is very popular among letter-carriers. Postoffice employees play. They find the mental concentration necessary in successfully waging war on the checkerboard takes their minds off the fool questions and jokes they have to listen to each day as they make their rounds. Mr. Farquhar and many of the members of the club are letter-carriers.

#### SCIENTIFIC SUGGESTION.

The Scientific American, commenting on the statement that a new "longest in the world" ocean steamer is in process of construction, thoughtfully suggests giving the boat the longest name in the world.

**This is a Gray Suit Season**

The younger men, and the older ones as well, seem to be turning to gray suits this season, and we are ready for the demand. Here are all the shades and patterns in grays—steel grays, slate grays, modest checks, neat stripes, grays in light and darker shades.

**Fine Gray Suits All-Wool Worsteds Worth \$20 to \$25 Made To Order \$16.50**

The latest style for young men is the three-button sack, fairly long, shaped into the waist and very full over the hips. The shoulders are still broad and the coat made full across the chest.

**Holmesbury Blue Serge To Order \$10.00**

**MORTON C. STOUT & CO. TAILORS OF QUALITY 910 F Street Northwest**
